

A few months ago I
 ordered a bottle of your
 Wild Hair growth. My hair
 was a mess. broken off,
 dry and fuzzy. wouldn't grow.
 After I used Wild Growth
 about two and a half
 months my hair grew down
 to my shoulders. I
 looked a brand new
 head.

I am seventy years old
 I have a friend who was
 completely gray headed.
 Also getting thin his

beard also, He had almost
 all his twenty six treatments
 of radiation, and Bemo.
 He lost hair and beard.

Again the Cancer came
 back, Boyer the treatments
 this time he shaved both
 hair and beard, After the
 treatments, I had half a
 bottle of my hair oil left.
 I gave it to him, He used
 it on his head and face
 now with in two months
 his hair is back long
 enough to comb, also his
 beard is back, but most
 amazing of all both
 he and beard is set
 back. Boyer for next

Thank you! Love family
